New Feature

Online Scheduling tool part of your RevenueWell Marketing Platform subscription

A recent study, published in 2018, found that over 80% of dental patients surveyed prefer to schedule their appointment online. We can only assume that new reports from 2020 will show even more patients preferring to book online. Provide your patients the option to request an appointment online, while still having control over your schedule with approval requirements. Activate today by heading to your appointment preferences, and simply toggling the Online Scheduling button to on. [Activate Today](#)
