New Feature

Online Scheduling: Book by Provider Setting

A new online scheduling setting allows patients to book directly with dedicated providers at your practice! This new feature lets you choose which appointment types should allow patients to book with a specific provider. If you don't turn it on, patients will not see an option to book by provider, and instead will select from times when any provider is available.

[Click here](#) for more details about adding it to your Online Scheduling flow.

Not using Online Scheduling yet? [Click here](#) to learn more about RevenueWell's newest tool designed to help fill your schedule.
